Features and Benefits

Emissions

The Kubota V3600 Turbocharged engine complies with EPA / CARB Tier 3 + EU Stage IIIA emissions.

Durable Power

The Kubota V3600 engine is a high power density engine with the same footprint as the V3300 engine, as well as larger displacement.

Clean and Quiet Power

Kubota's original E-TVCS (Three Vortex Combustion System) has been improved. The airflow, combustion chamber, and piston recess have been optimized.

Options

Fan positions are available at two heights to enable various equipment configurations.
